12 I have addressed Government in this office letter No G C 698/31-32 dated 30th October, 1933 regarding a site for the construction of Police buildings in Mysore and, as yet, have not received a reply

13 As matters stand, the site referred to by the Chairman, Mysore City Improvement Trust Board is the one in possession of this department in any way centrally situated in Mysore to allow of the construction of buildings so badly needed in Mysore It is also close to existing Police buildings and is thus particularly suited for their extension There are few other sites in the neighbourhood likely to be made available for the purpose and the alienation of this piece of land is to be contemplated with equanimity Were it to be abandoned, it would mean that the Provincial Reserve Police detachment will be disunited or have, with some portion of the City Police, to be removed to a site on the confines of the City The example of Bangalore is not encouraging there the department was forced to abandon a well placed site on the promise that another

3049/33

File No 139 of 1933 | General and Revenue Secretariat

would be found in the neighbourhood, but no such site has been given and the only ones granted are situated on the confines of the City The policy of placing the police outside a City and far from the localities in which they have to work is not only a grave inconvenience to the police but a danger to the State, since the police will not be available when most urgently required I trust that a similar policy is not contemplated in Mysore and would recommend strongly that the site under reference be not alienated from the department

SIR

I have the honour to state that there is an open ground opposite the Reserve Police Lines in Block No 13, Lashkar Mohalla measuring east to west 420 feet and north to south 129 feet or 6020 square yards This land was handed over to the Police Department in the year 1916 in pursuance of Government Order No J 1981-3/Police 183-14-4 dated 23rd November 1915 and has been lying vacant since then

2 Mr A Sattar Sait, one of the leading Mussalman Citizens of the Mysore City having since applied for the free grant of the said site for the construction of a Muslim Girls' Orphanage building, he was informed under instructions that the grant of the site for the purpose would be favourably considered if the organisers of the movement collected some funds to make a good beginning and arranged for the constitution of a proper Committee for the construction of the building and the management of the institution In reply, the Secretary, Muslim Girls' Orphanage in his letter No M 1 dated 26th July 1933 writes to the effect that there is a Committee constituted for the purpose and that they have a sum of Rs 1,000/- in hand and donated immoveable properties worth Rs 15,000/- A copy of the said letter and also copies of his letters dated 15th August and 9th September 1933 furnishing details of the immoveable properties possessed

by the Committee are enclosed for reference

2 The Committee is said to possess six properties in the Mysore city and wet lands in Nanjangud and Seringapatam Taluks The value of the properties in the city is estimated by the Trust Board Sub-Overseer at Rs 9,080/- The Muricipal khata of the properties 3,4 & 5 as per list is in the name of the said Committee As the Committee thus have properties worth over Rs 10,000/- in value and are hopeful of raising funds from the philanthrophic public by informing them of the free grant of a site by Government, I recommend that orders may be passed transferring the site to the Committee subject to such conditions as Government may be pleased to lay down I suggest the following conditions for the - consideration of Government:-

(i) The plan of the building should be approved by Government

(ii) The land will be subject to resumption if the object of the grant is not fulfilled

(iii) The orphanage will be subject to the supervision of the Education Department

(~~A Government Officer will be nominated on the Committee~~
